

Barrowden Community Hub Bouncy Castles/Inflatables Policy April 2025

Barrowden Community Hub Management Committee does not provide any insurance for the use of bouncy castles and our insurance policy does not cover use of bouncy castles arranged by hirers. The committee are only responsible for advising hirers that they must put appropriate arrangements in place and cannot accept any responsibility in the event of any accident.

Responsibility

If you are hiring a bouncy castle and inviting guests, you can be held liable if one of them injures themselves. Insurance is required, and it is the responsibility of the hirer to make sure liability insurance is in place.

Conditions

When booking, the hirer must declare that they intend to have a bouncy castle/inflatable. This declaration will imply a commitment to make sure that:

- The bouncy castle will be supervised at all times by an adult (over 18).
- Evidence of current Public Liability insurance will be provided either by the supplier or the hirer.
- At the point of booking hub hire, the hirer must confirm that insurance is in place and a copy of the insurance certificate must be available for the committee to copy and keep on record, as per our insurer's conditions.
- Any damages caused by the use of a bouncy castle in the hub will be paid for in full. The use of floor protection is advised.

I (the hirer) understand I must ensure either I, or the company I am hiring the bouncy castle from, has suitable public liability insurance covering the use of the equipment, and provision and use of a bouncy castle at my event is at my own risk. I agree that Barrowden Community Hub is in no way liable for any injury or misadventure caused by the use of a bouncy castle at my event.
